

2024/2025 - 100% Class

New this year is a free extra ballet class, offered to eligible students in the Turquoise through Indigo levels who are up to date with their attendance.

This class focuses mainly on center work and is a reward for those with 100% attendance.

To participate in this weekly class, students must be up to date in all their ballet technique class attendance.

Ballet technique classes are all their regular ballet classes, not counting pointe, tap, musical theatre, hip hop or modern. We realize missed classes will occasionally happen, but students must make up any missed ballet technique classes before they are eligible to attend this 100% class.

Turquoise & Fuchsia B must be up to date with 4 ballet technique classes per week.
Fuchsia A & Indigo must be up to date with 5 ballet technique classes per week.

Students can make-up missed ballet technique classes anytime throughout the week.

Before you go to a make-up class, don't forget to check in with the front desk to get credit for the class you are making up – then go to class!
